

FLOODLINE Leader Cable

Leader Cable

Andel supply dedicated leader cabling. Used for connecting Floodline Sensors to Floodline Alarm Panels and for branching between detection areas on the same detection string.

Andel's purpose-made Leader Cable is all LSF0H construction for use in modern industrial & commercial environments.

The core colours of the detection cable match the colours of the detection cable making installation simpler.

Standards tested and met:

CPR (Construction Products Regulation) Testing

Under the harmonised European standard EN 50575 this cable has been tested for heat release, smoke production and flame spread in accordance with EN 50399:2011+A1:2016 and EN 60332-1-2:2004+A11:2016.

Tested under AVCP (Assessment and Verification of Constancy of Performance) system 3 by a notified body the cable was classified as Euroclass Eca-s2,d1.
